FOR BUSINESS TRAVELLERS

We can save your business time by offering a service with a flexible appointment system. We will help you with making sure your employees remain protected, no matter where they work in the world. Our experience working with a wide range of industry sectors means that we can put the right package of care together for your employees.

FOR LEISURE TRAVELLERS

We have an experienced team that offers a one stop travel health, vaccination and anti-malarial medical service for individuals, groups, gap year students or families travelling on holiday. Our friendly and experienced team at Heathrow provide a full range of travel vaccinations at competitive prices, including Japanese encephalitis, rabies and tick-borne encephalitis. We are also a designated Yellow Fever Vaccination Centre.

COVID-19 TESTING

We are able to offer Covid-19 PCR antigen and laboratory based ELISA antibody testing. We have our own car-parking facilities and excellent transport links.
